

IAEA-SKGH Joint Training Course on Streamlined and Emerging Theranostics Techniques

Kamakura-city, Kanagawa, Japan

5-9 August, 2024

Venue

Shonan Kamakura General Hospital

1370-1 Okamoto, Kamakura-city, Kanagawa, Japan

Day 1-4

5-8th August

Training Center A,
4th Floor of Building D

Day 5

9th August

Auditorium,
3rd Floor of Building C

Building
A
(Main
Building)

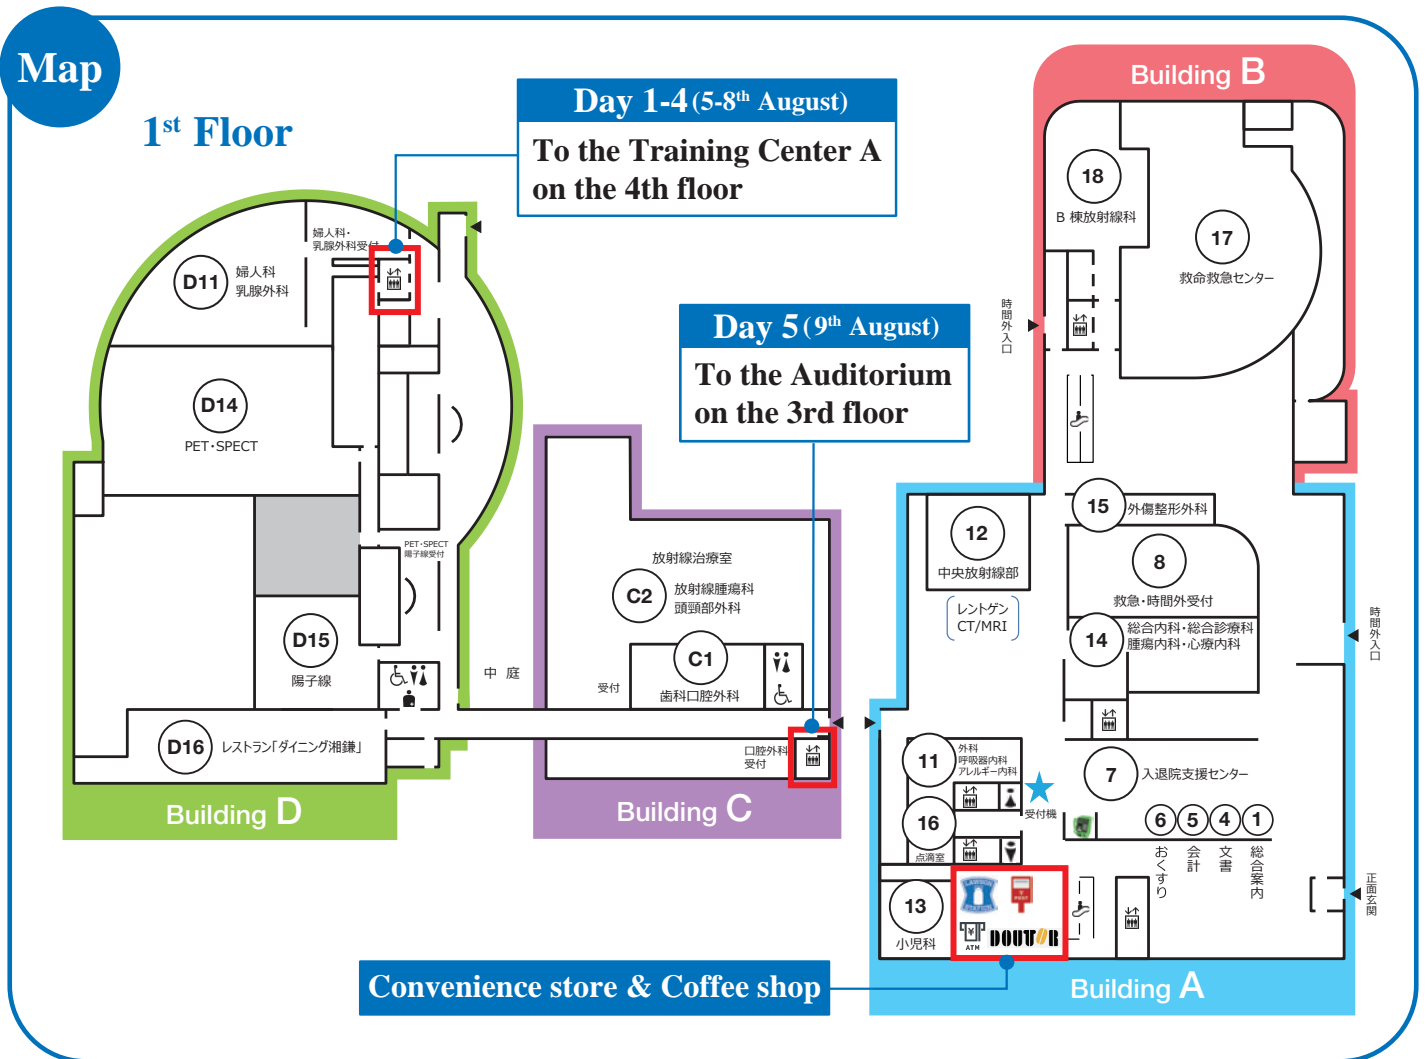

Building
C
(Tomotherapy
/ Outpatient)

Building
B
(Critical Care Center
/ Trauma Center)

Building
D
(Advanced Medical
Center)

General Information

Map

Policy

- Smoking is prohibited in the rooms and throughout all the buildings.
- Please switch your mobile phone off or to vibration mode during all sessions.
- Please wear a mask while in the hospital.

Language

- There will be no interpretation except during pre-arranged sessions.

Wifi

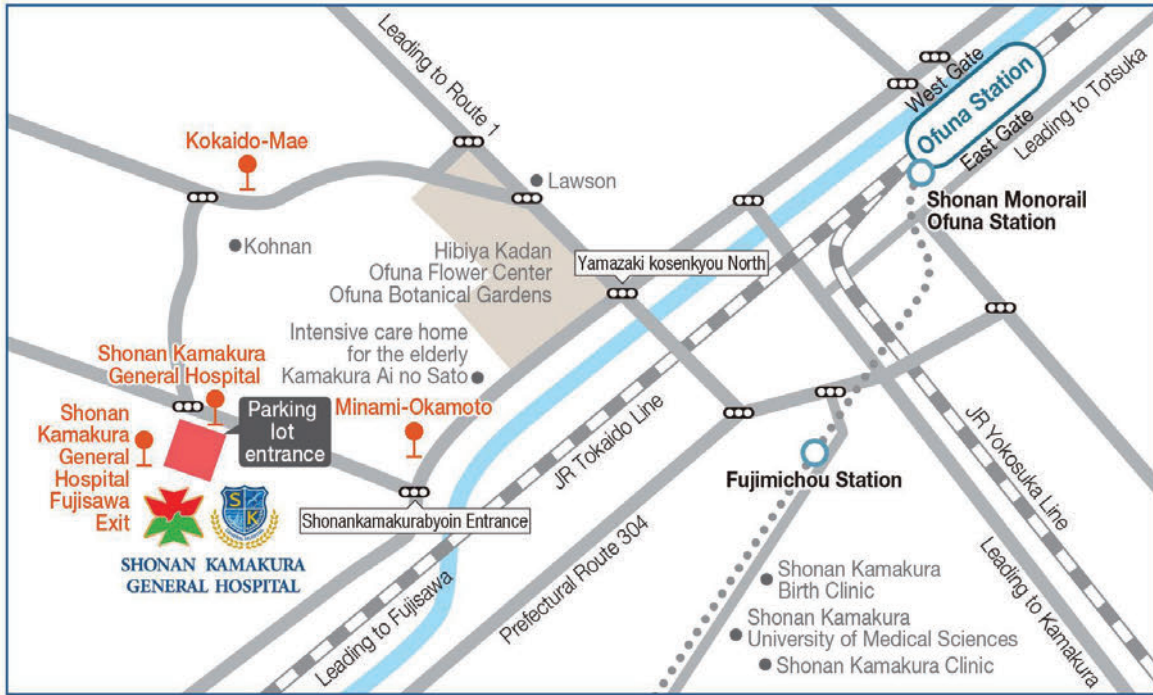

- Please use the given ID and Password for Wifi.

Information for speakers

- Please check your presentation material during the break before your presentation.
A member of staff will assist you in checking your presentation file.

Shop

- Lawson: Convenience store located on the 1st floor of Building A (open 24 hours)
- Doutor coffee shop: Coffee shop located on the 1st floor of Building A (open 7:30-17:30)

For those coming by bus

神 : Kanachuu bus

江 : Enoden bus

● When arriving at Ofuna Station

Ofuna Station East Exit (Bus Terminal under Shonan Monorail Station)

Bus Stop Number 1

- 江・N60 via Shonan Kamakura General Hospital Fujisawa Exit, bound for "Fujisawa Station North Exit" Get off at Shonan Kamakura General Hospital Fujisawa Exit (Operating only on weekdays from Monday to Friday)
- 江・N64 via Shonan Kamakura General Hospital Fujisawa Exit, bound for "Shonan iPark" Get off at Shonan Kamakura General Hospital Fujisawa Exit (Operating only on weekdays from Monday to Friday)
- 江・N6 via Shonan iPark, bound for "Fujisawa Station North Exit" Get off at Minami Okamoto

Ofuna Station West Exit (Ofuna Kannon side)

Bus Stop Number 1

- 神・船 32 via Watauchi, bound for "Fujisawa Station North Exit" Get off at Kokaido-Mae
- 神・船 101 via Shiromeguri Nakamura, bound for "Ofuna Station West Exit" Get off at Kokaido-Mae
- 神・船 102 via Kokaido-Mae, bound for "Shiromeguri Nakamura" Get off at Kokaido-Mae

Bus Stop Number 2

- 神・船 34 via Koen mae, bound for "Minami Okamoto" Get off at Minami Okamoto

● When arriving at Fujisawa Station

Fujisawa Station North Exit (Big Camera side)

Bus Stop Number 9

- 江・N60 via Shonan Kamakura General Hospital Fujisawa Exit, bound for "Ofuna Station East Exit Koutsu Hiroba" Get off at Shonan Kamakura General Hospital Fujisawa Exit (Operating only on weekdays from Monday to Friday)
- 江・N62 via Shonan Kamakura General Hospital Fujisawa Exit, bound for "Shiki no Mori" Get off at Shonan Kamakura General Hospital Fujisawa Exit (Operating only on weekdays from Monday to Friday)
- 江・N6 via Shonan iPark, bound for "Ofuna Station East Exit" Get off at Minami Okamoto

Bus Stop Number 4

- 神・船 32 via Karasawabashi · Watauchi, bound for "Ofuna Station West Exit" Get off at Kokaido-Mae

Fujisawa Station South Exit (Odakyu Hyakkaten side)

Bus Stop Number 8

- 江・F65 via Shonan iPark, bound for "Shonan Kamakura General Hospital" .. Get off at Shonan Kamakura General Hospital

For those coming by taxi

- About 10 minutes from Ofuna Station West Exit (Ofuna Kannon side)
- About 15 minutes from Ofuna Station East Exit (Bus Terminal under Shonan Monorail Station)

For those coming by Free Shuttle Bus

Free shuttle buses are in operation between the following sections;

- Ofuna Station West Exit ↔ Shonan Kamakura General Hospital
- Shonan Kamakura General Hospital ↔ Shonan Kamakura Clinic / Shonan Kamakura Birth Clinic

Time Table

Day 1 5th August, 2024		Day 2 6th August, 2024		Day 3 7th August, 2024		Day 4 8th August, 2024		Day 5 9th August, 2024	
9:00	9:00-10:00							9:00-10:00	
9:30	Opening Remarks Rumi Nakashima Shuzo Kobayashi Shigehiko Terada Katsumi Tomiyoshi	9:30-10:30 Yasushi Ichikawa		9:30-10:30 Hiroji Uemura		9:30-10:30 Hiroaki Kurihara		Firas Mourtada

		15:15-15:30 Break							
15:30	15:30-15:45 Break	15:30-17:00 Technical Visit Katsumi Tomiyoshi Akira Sawaki							
	15:45-16:45 Francesco Giammarile	Taro Murai Other Parties							
16:00									
16:30									
17:00	17:30- Welcome Reception			17:20- Get Together Party					

Greetings & Welcome Remarks

Shuzo Kobayashi

**Chief Executive Officer
Shonan Kamakura General Hospital**

Greetings from our CEO

On behalf of Shonan Kamakura General Hospital (SKGH) as the organizer of this training course, I would like to extend my sincere gratitude and welcome to all the participants. SKGH was established in 1988 and has been committed to providing high quality medical care ever since. In April 2021, the Advanced Medical Center opened, and this new center is dedicated to provide cutting-edge treatments options, particularly in cancer treatment, such as boron neutron capture therapy (BNCT), proton beam therapy, and oral RI therapy. Educating healthcare professionals is also an important mission of our hospital. In the field of nuclear medicine, SKGH, a member of the Consortium of Japanese Universities and Institutions, has been collaborating with the IAEA in human resource development. In line with our missions, we are very pleased to host this training course and contribute to capacity building in the Asia-Pacific region. We hope that through this event, all participants will have a meaningful learning experience on theranostics technologies and practices in nuclear medicine. And be sure to enjoy Japan's ancient capital, Kamakura!

Tomio Inoue

**Chief Director
Advanced Medical Center
Shonan Kamakura General Hospital**

Welcome Remarks

I am the local program director for this training course. The program was developed based on several reviews, including ‘Theranostics in Nuclear Medicine: Emerging and Re-emerging Integrated Imaging and Therapies in the Era of Precision Oncology’ (RadioGraphics 2020; 40:1715–1740). I collaborated with Francesco and Enrique from the IAEA, exchanging ideas to create the curriculum.

On the first day, there will be a general lecture on theranostics. From the second to the fourth day, specific lectures on theranostics in the field of nuclear oncology. In the afternoon, you can visit the nuclear medicine related facilities in Shonan Kamakura General Hospital and Shonan iPark adjacent to hospital. On the fifth day, there will be lectures and group discussions on the current state of theranostics in the United States, alpha-emitting radionuclide therapy, and future prospects of theranostics in the field of nuclear medicine. Thanks to Francesco’s efforts, the UEMS certification for the training course has been approved. I hope that the outcomes of this course will contribute to the dissemination of theranostics in your country.
